**INTRODUCE THEIR  
NEW BRITISH BUILT  
REVOLUTIONARY  
TRIPLE SUSPENSION  
SHOCK MITIGATION  
JOCKEY SEATS**

Mitigation Foam built into the cushioned base for the initial shock mitigation

*The MitiGator™*  
*Intelligent Isolation™*

## **SPECIFICATION**

Upholstered in tough tec Neoprene or marine vinyl

Anodised aluminium

Light weight suspension base

Height adjustment

## **EXTRAS**

Optional grab handles

Back rest support wings

Single or double sided headrests

Glass fibre base with lockable storage compartment

Protective seat covers

The seat is designed around keeping your posture right to prevent injuries and the base is narrower at the knee area which makes you feel secure while seated in rough seas

**SHUFFLE SUSPENSION** removes the side impacts without too much seat movement

Spring and damper assisted shock mitigating compression suspension

**SHOCK MITIGATING HELMSMAN SEATING
