## **MINIBUS SEAT LAYOUTS AVAILABLE FOR SWB, MWB OR LWB VANS**

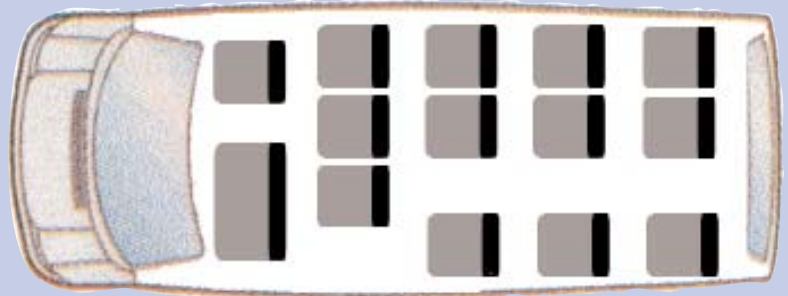

8 or 9 seater conversion for SWB vans

16 or 17 seater conversion for LWB vans

10 or 12 seater conversion for MWB vans

14 or 15 seater conversion for MWB or LWB vans

The above diagrams are not to scale and are only a guide to a few of the various seat layouts available, either some or all of the seats could be fitted on tracking to allow for seats to be moved for luggage and/or wheelchair access.

All our bus conversions can have standard floor plywood on the surface with approved underfloor strengthening.

The alternative is the Unwin Innotrax floor system which we are approved suppliers and fitters of, this is M1 approved for a wide range of vehicles. You would also be issued with an installation approval certificate for C.O.I.F.

We will convert a new or nearly new vehicle, our recommended vehicle is the Renault Trafic, Vauxhall Vivaro or Nissan Primestar range either long or short wheelbase. But we will convert any other suitable model of panel van including Mercedes, Volkswagen, Ford, Peugeot, Citroen, Fiat, etc.

Our Seating is all government tested and insurance approved. All forward facing seats are fitted individually on tracking so it is possible to remove or move each seat to suit all needs in both load and passenger combinations. Seats can be covered in hard wearing water proof vinyl, soft moquette, manufacturers matching trim, choice of various tartans, bus moquettes or luxury leather.

With 2 seats removed you still have 8 seats and luggage space to carry 12 or more suit cases or golf bags.

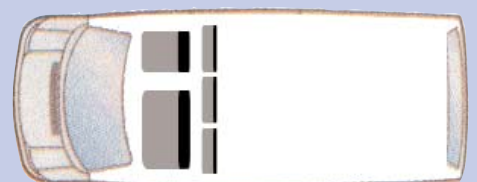

11 seats as standard which of the 5 forward facing seats are mounted on tracking.

Seats moved forward or removed gives you a working van for the cash & carry runs, furniture or ride on lawnmower etc.

9 seats with 2 seats removed allowing large luggage space or to carry 2 wheelchairs

Available from all dealers or direct from us
